(Designation) **Surgeon-General with the Government
of Madras.**

To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

The sanctioned strength of staff nurses in the Government Headquarters Hospital, Bellary is 6 permanent and 1 temporary. At present there is accommodation for only 6 staff nurses in the nurses quarters attached to the Hospital. Hence one of the staff nurses of the Hospital is now occupying the Resident Medical Officer's quarters and the Resident Medical Officer is obliged to live outside the Hospital. The allotment of the Resident Medical Officer's quarters to the staff nurses was originally approved by Government - vide G.O.No. 1386-., dated 15th. June 1935, and this temporary arrangement is still being continued. The Resident Medical Officer is experiencing much difficulty in finding quarters close to the Hospital. In a Hospital

of the size of the Headquarters Hospital, Bellary, it is essential that the Resident Medical Officer should reside in the quarters within the compound of the hospital for professional and disciplinary reasons. I therefore consider that an additional bed and bath room should be built in the nurses' quarters immediately to accommodate the additional staff nurse so that the Resident Medical Officer may be permitted to occupy his quarters at a very early date.

2. I therefore forward herewith for the administrative approval of Government two plans and an estimate amounting to Rs.2300/- for the above work. A sum of Rs.1500/- has been provided in the current year and the balance will be provided during 1941-42. A rent data statement is also enclosed herewith.

p 3 below

3. I request that very early orders may be passed as the provision of additional accommodation in the nurses is a pressing necessity.

MAH./30-11.

Report to accompany the estimate for "constructing a bed and a bath room in the first floor of rear block of Nurses quarters of Government Head Quarters Hospital at Bellary"

Amount of Estimate Rs ²³⁰⁰ ~~2200~~.

Item 117A of register of Public Buildings.
Capital cost of the building Rs 11427.

The estimate has been prepared as per requisition of the District Medical Officer, Bellary, from all his letter no. 246/39 dated 30.4.40 to the Executive Engineer, Bellary Division, Bellary. It provides for constructing a bed and a bath room in the first floor of rear block of Nurses quarters of the Government Head Quarters Hospital at Bellary. The design adopted is exactly similar to the one ^{constructed in the first floor} of the front block. There is every likelihood of providing accommodation for one more nurse in future and to facilitate such construction, it is now proposed to construct a recessing wall in place of the teak wood partition in the ground floor and carrying the same wall in first floor instead of carrying the wall in first floor over girders as proposed in the approximate estimate submitted previously. ^{This work not chargeable} At present there is an wooden ladder staircase to reach the first floor rooms of the front block. Provision is now made for reinforced ^{concrete} slab passage from the front block to rear block in first floor in order to reach the rooms proposed to be constructed. A lumpsum provision of Rs 100 is made towards electric connections to the rooms. All the rates are based on current schedule of rates. There is grant for the work during the current year. The capital cost of the building will be increased by Rs 2163.
